**REPLY OF SANDRA JELM TO ST. CHARLES PETITION TO INTERVENE  
AND RESPONSE TO COMMONWEALTH EDISON'S PETITION TO  
WITHDRAW ITS APPLICATION AND MOTION TO DISMISS**

Now comes the Intervenor, Sandra Jelm, and for her reply to St. Charles motion to intervene and response to Commonwealth Edison's petition to withdraw its application and to dismiss, states as follows:

I, as an intervenor, am familiar with the issues in this matter and have been involved with the Commonwealth Edison's application filed with the ICC.

I am aware that Commonwealth Edison has determined that new technology would allow Com Ed to reinforce its current 34kV lines with additional 34kV lines that would allow the necessary power upgrades to meet the power needs of the communities. Com Ed has advised that this system would make the proposed 138kV proposal unnecessary.

I favor the proposal of Com Ed to upgrade its current 34kV lines (the "alternative proposal") and support Com Ed's petition to withdraw and dismiss this action. There is every reason to believe that Com Ed has produced a workable alternative to the original 138kV proposal.

St. Charles has never filed an intervening petition and should not be allowed to at this late date.

It is my understanding that the ICC staff has no objection to the dismissal of Com Ed's petition.

For the reasons stated above, Sandra Jelm supports the Petition of Com Ed to withdraw its petition and to dismiss this action.

A handwritten signature in cursive script, reading "Sandra Jelm", written over a horizontal line.

Sandra Jelm, Intervenor

Dated: May 24, 2004
